REFRESHMENT SYSTEMS LTD.

The S40 from La Spaziale is a top-of-the-line espresso machine with automatic dose settings. A technological marvel, the S40 is loaded with advanced features such as a thermal controller accurate to 0.5°C, digital pressure sensors, and signals to let you know if you're grinding too fine.

Ergonomically designed with high grade materials, LED lighting and chrome inserts, the S40 is the perfect balance between elegance and functionality.

## Key Features

- Patented steam heating technology
- Automatic standby mode for maximum power conservation
- 5 programmable cup temperature sets
- Display for each group displaying coffee delivery time
- Coffee grind signal if you're grinding too fine
- Group-head LED lighting
- 2 programmable temperature settings for hot water outlet
- Available in burgundy, champagne, silver, black and white.
- Available as a 2, 3 and 4 group machine

S40 in silver (above) and naked portafilter (below)
